information as of this templates release. This list is updated frequently, and the most up-to-date information is available at <https://www.aseanminerals-assurance-process/exports/cmt-export/>. The presence of a smelter here is NOT a guarantee.

For more information, please visit www.aseanminerals-assurance-process/exports/cmt-export/ for the most current and accurate list of standard smelter names that are Active or Confirmed.

These names are commonly recognized and reported by the supply chain for a particular smelter. These names may not be the Standard Smelter Name, the reference names are helpful to identify the smelter.

The list is in ASCII character set. The majority of smelters will have the same entry for both columns, however, some smelters have different names in the two columns.
